

## Credential Earned

# Data Literacy Certification

Completed by Mayank Gupta on January 14, 2026

---

Individuals who have earned this badge have demonstrated a proficiency with data literacy skills. These skills include: interpreting business requirements; understanding and transforming data; designing, building, and interpreting visualizations; and analyzing, acting on, and sharing results. They have demonstrated these skills by passing a 70 question, multiple-choice certification exam.

Score: 88    Completion ID: 400469184
